INTRODUCTION.

MESSRS. FRANCIS & CO. beg respectfully to introduce to the notice of Architects, Builders, and others, their revised Illustrated Catalogue and List of Prices, which has been carefully compiled and supplemented with designs of all the latest patterns and improvements to be met with in the revolving shutter trade, and which contains full detail and descriptive drawings of the various Revolving Shutters and Brass Sash-Fronts manufactured by them.

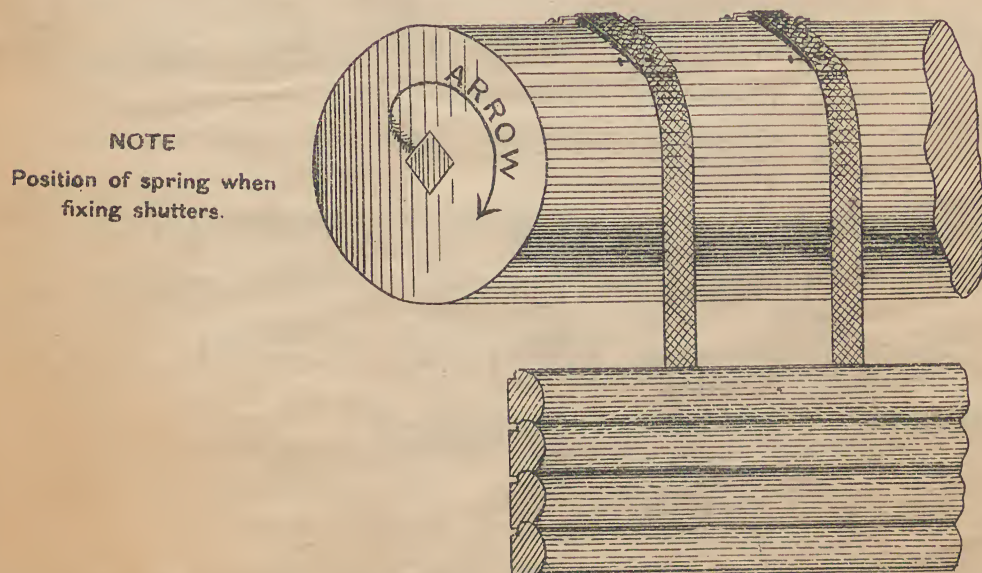

A brief inspection of the following pages by those who have the carrying out of building works, either as general directors or sub-contractors, cannot fail to give considerable valuable information, and to suggest many improvements as well as useful hints to those who are about to specify for Banks, Public Buildings, Shop Fronts, &c., &c.

F. & Co. confidently invite attention to the great facilities they have at their command, employing steam power wherever practicable, and which enables them to execute all orders committed to their care with the greatest promptitude and efficiency, and consequently upon the most moderate terms.

All goods supplied by them being of the best description and of the latest approved construction, comparison is invited, with the conviction of meriting general and unqualified approval.

F. & Co. particularly call attention to their improved self-acting Wood Shutter as a "Speciality," which for style and quality, combined with the simplicity of its working, should alone command popularity. This Shutter is manufactured from the best pine, in uniform convex laths, morticed, and connected with steel and copper bands, in addition to the usual strong straining webs. They are attached to stout barrel cases and charged with steel spiral springs of the best possible manufacture, and possess this striking feature which ought alone to recommend itself, *i.e.*, they are the only springs that run throughout the entire breadth of shutter and bearing, thereby ensuring against the deflection from unevenly distributed weight.

No. 3.*—Sketch of Wood Shutter connected with Steel and Copper Bands.

No. 4.—Same Pattern Shutter can be adapted with Iron Hinged Chains.

Any intelligent mechanic can fix these Shutters with a few written directions. They are adopted generally throughout the kingdom, there being scarcely a town of any note where they are not fixed in more or less numbers, and a reference to the testimonials appended to this pamphlet will speedily convince the most sceptical that this is, *par excellence*, the Shutter of the day.

F. & Co. beg to observe that they can defy competition, either in style, quality, or price. Also that they do not trust to, or depend upon, advertising for the carrying on of their business. The articles themselves are their own advertisement, and all goods manufactured by them are guaranteed to be what they are represented.

N.B.—Shutters in Wood or Iron can be worked with Balance Weights if preferred to other motions

No. 8. IRON CURVILINEAR SHUTTERS CAN BE MADE TO WORK WITH BEST SCREW GEARING WHEN CONTAINING OVER 50 FEET SUPER IF LESS THAN 50 FEET THEY CAN BE WORKED EITHER BY SPRINGS OR BALANCE WEIGHTS.

No. 9. ***Steel Shutters are recommended in all cases to work with Springs.***

No. 3* WOOD SHUTTERS, AT SPECIAL REQUEST, ARE CONNECTED WITH STEEL OR COPPER BANDS, AND BEST WEBBING. (*See page 5.*)

No. 4. WOOD SHUTTERS, FOR GREATEST STRENGTH, ARE CONNECTED WITH IRON HINGES. (*See page 5.*)

SPRING SHOP SUN BLINDS WORKED BY THE BEST SPRING IMPROVEMENTS, AND CAN BE ADAPTED ON TOP OR INSIDE CORNICE, OR AT BOTTOM OF FACIA. (*See page 16.*)

GLASS FACIAS IN EVERY VARIETY AND STYLE TO ARCHITECTS' DESIGNS. (*See page 41.*)

Messrs. FRANCIS & CO. hereby give notice that they will not be responsible for any loss sustained through the breakage of Glass by any of their workmen during the execution of any work or repairs.

IMPROVED SPRING-ROLLER REVOLVING SHUTTERS.

No. 3*

Convex Pinewood-Lath Self-acting Shutter, connected with steel or copper bands (as desired). A light, strong, neat, and serviceable Shutter. Can be made to work in any of the positions indicated on page 4. Universally recommended for shops, temporary partitions in schoolrooms, and for private dwellings, &c. Works on self-acting principle, with steel spiral springs throughout the width of its roller bearings. From its general adaptability, ease, and simplicity of its arrangement, this class of Shutter has a world-wide patronage. Prices from 1/6 to 2/6 per foot super. Wicket doors, if required, extra.

This SHUTTER is fixed throughout
SIR FRANCIS TRUSCOTT'S MANSION,
East Grinstead.

No. 4.

Shutter, made also of Pinewood, and connected with strong wrought-iron hinged chains, as illustrated on page 5. For wide openings in single widths, where extra strength and security is requisite, this class of Shutter is especially adapted. To work with best worm and wheel gear. Suitable for exhibitions, carriage entrances, shops, or closing coach-houses, warehouses, &c. This Shutter can also be made self-acting, to work in as many divisions as requisite, with intermediate pilasters. Prices from 2/- to 3/- per foot super. Wicket doors extra. As fixed at **HER MAJESTY'S CARRIAGE ENTRANCE AT BALMORAL CASTLE;** Colonial Exhibition, 1886; Folkestone Exhibition, 1886; Leadenhall Market, 1885; Landport Markets, 1886; Hull Markets, 1886; New Agricultural Hall, Kensington, 1886; Plymouth Markets, 1886; Spitalfields Market, 1893.

IRON AND STEEL REVOLVING SHUTTERS.

No. 8.

Curvilinear Iron Shutter, for Banks, Jewellers' Shops, Warehouses, and Public Buildings, where great strength and security are desired. Fire and thief-proof. Manufactured to any size to work with best screw gearing. Suitable for shutting off Staircases, Entrance Doors, Railway Goods Sheds, &c., and wherever safety and security are desired. Prices from 3/6 to 4/6 per foot super. **This SHUTTER is used at H.I.M. EMPRESS EUGENIE'S New Mansion, Farnborough, and BARON ROTHSCHILD'S Mansion at Waddesden.**

No. 9.

Corrugated Steel Shutters, self-acting. To coil either way, worked by strong steel springs. To push up and pull down from outside. A lighter description of Shutter than No. 8, but possesses considerable strength. Can be placed in the cornice, under or in front of bressummer. Not recommended for widths over 6 feet if to cover a single opening. If the frontage is extensive, they can be used in bays, with shifting intermediate pilasters. See illustration, page 5. Prices from 2/6 to 3/6 per foot super. **These SHUTTERS are fixed at the New FISH, POULTRY. FRUIT and VEGETABLE MARKETS, Bishopsgate; AGRICULTURAL HALL, Islington.**

MEMORANDA.

The foregoing List of Prices is inclusive of the fittings and gearing requisite for the proper working of the respective Shutters as therein described, but is based upon the assumption there shall be at least 50 feet super of Shutter used. If less than this quantity is required, a special price will be given.

Measurement.—For the information of Architects, Surveyors, Builders, and others who are estimating, it is as well to note that every Shutter, whether working from above or from below, is 2 inches wider and 12 inches higher than the sight width of openings. For Shutters working vertically, 2 inches higher and 12 inches wider than sight measurement.

All Shutters, whether in wood, iron, or steel, receive one coat of paint before leaving the works, unless any special arrangement be previously made.

All preparation for Revolving Shutters in wood, iron, or steel, to be executed by the builder; also the use of the scaffold during fixing to be allowed by him.

The foregoing prices are subject to modification in special cases.

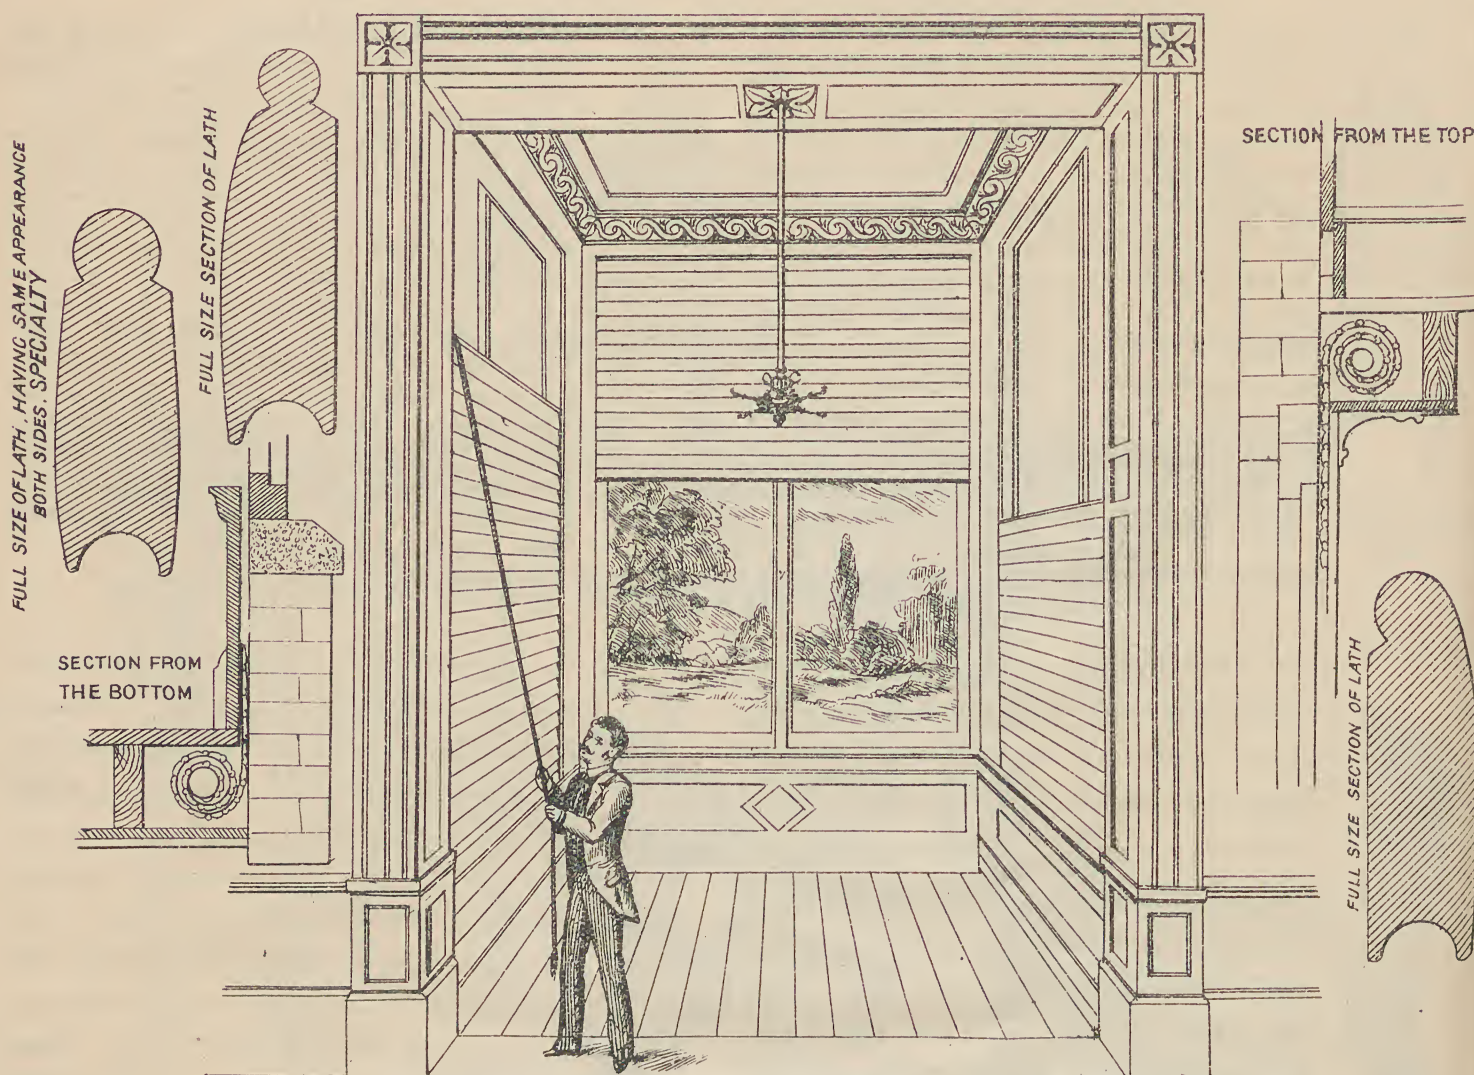

Fixing.—Whether in steel, iron, or wood, these Shutters are made to work on such improved principles that any intelligent mechanic can fix them. But when fixing is required for country jobs, it is an extra, *i.e.*, Railway fares to and from and carriage of Shutters. With ordinary care and the necessary oiling, these Shutters will work for many years without repair or trouble.

All Estimates or other desirable information are given free of any charge.

For the information and guidance of Clerks of Works and Builders' Foremen, it is advisable that a provision is made for any ultimate easy removal of the linings or casings, &c., so as to allow of access at any subsequent time to the Shutters for oiling.

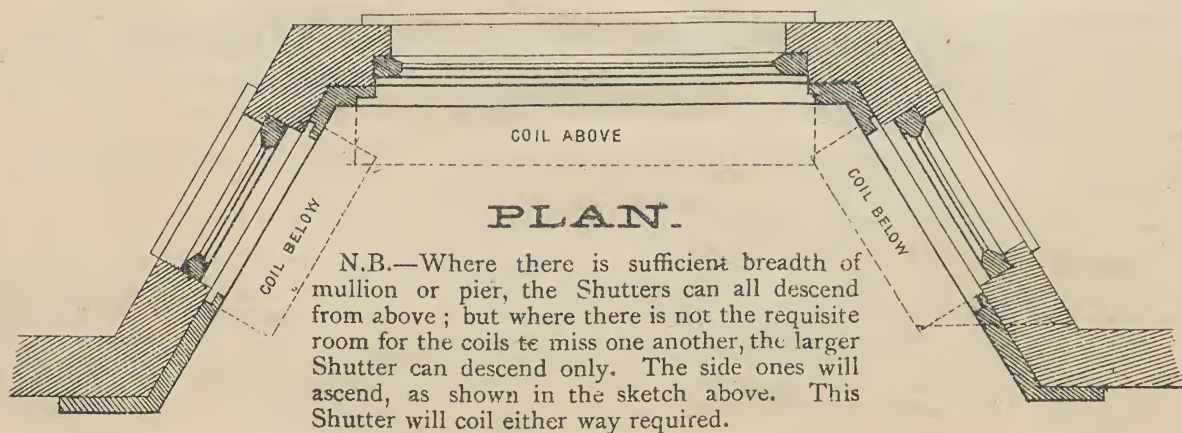

For lubricating gearing, &c., we recommend lard, neatsfoot, or olive oil.

FRANCIS & CO., 64, 66, 68 & 70, GRAY'S INN ROAD, LONDON.

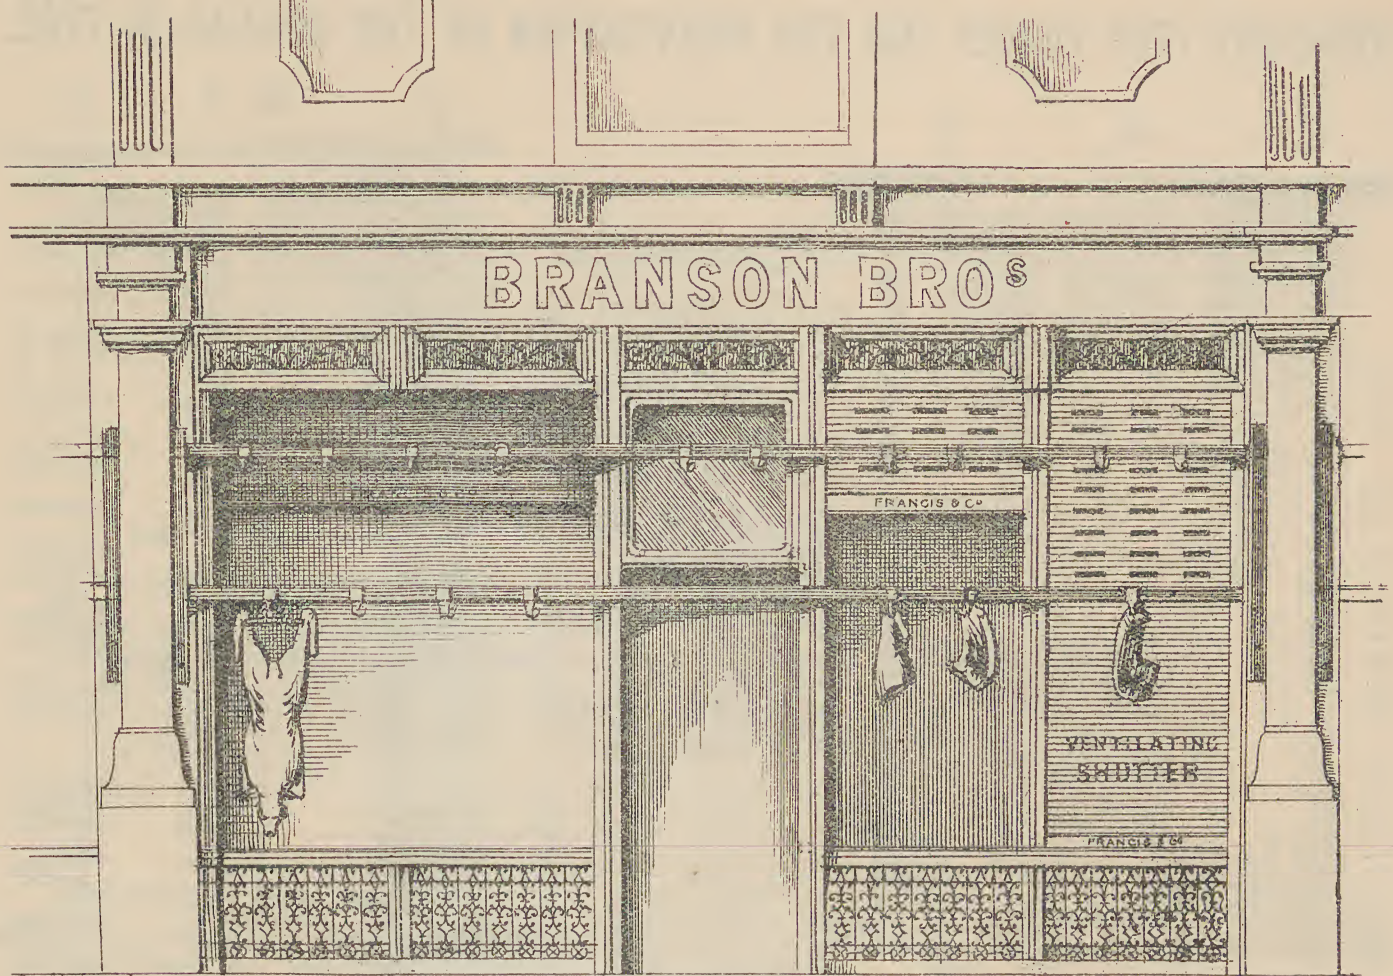

FRANCIS & Co.'s New Patent Reversible Revolving Shutters are well adapted for Bay-Windows, and Private Residences generally, having a very neat appearance from both sides, without presenting the unsightly appearance of other shutters on the inside.

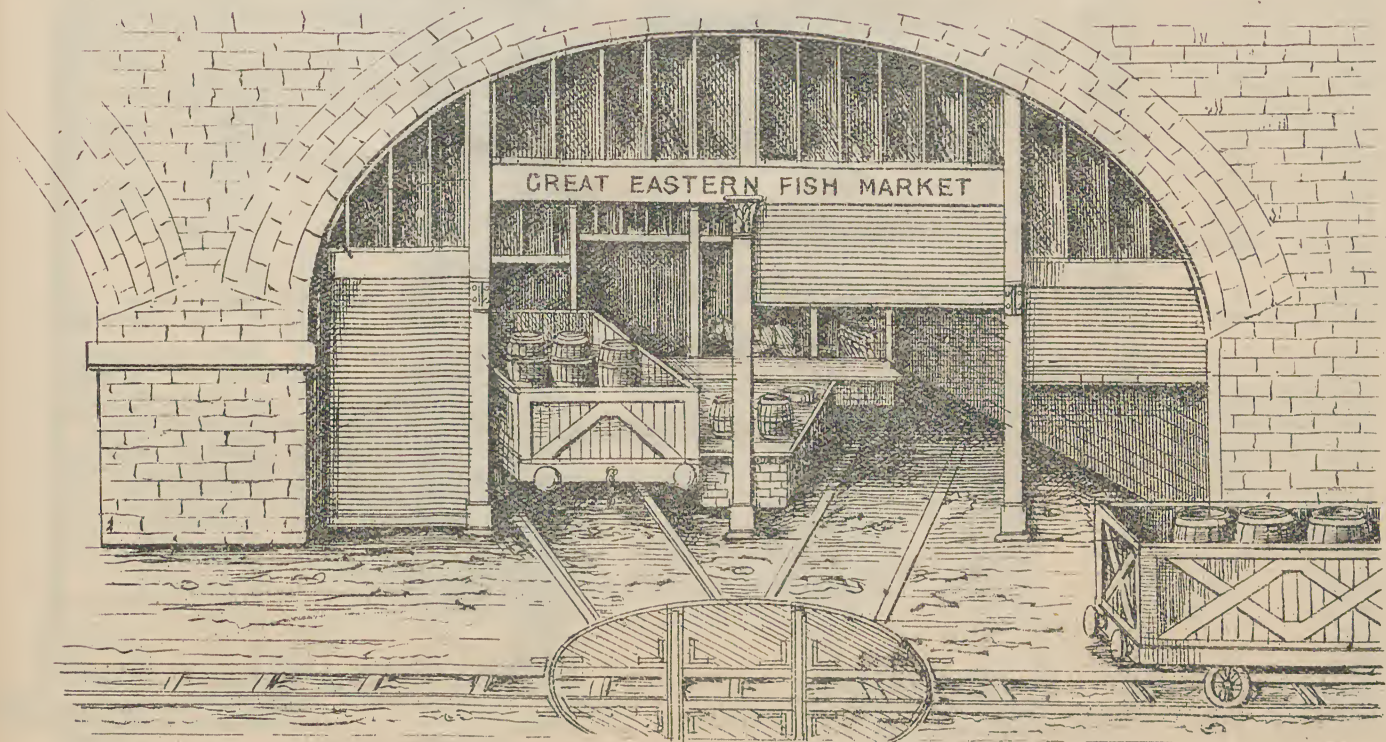

These Shutters are the same as fixed in some of the finest Mansions, and are delivered clean for staining and varnishing or polishing, as may be desired. Shutters polished will be extra.

SECTION

BALMORAL CASTLE, August 23, 1884.
Messrs. FRANCIS & Co.,

GENTLEMEN,—We have now got the shutters you supplied us with fitted up at the Royal Entrance at the Castle here, and are at present working very well. Your man has done his work very well and very expeditiously. I shall write you after Her Majesty arrives, and let you know how they are working and how they please.

Meantime, I remain, yours truly,
JAMES ANDERSON.

REVOLVING SHUTTER

PLAN.

Sketch of the Port Cochere at Balmoral Castle. Francis & Co.'s No. 4 best Hinge Wood Shutters are fitted to Majesty's Carriage Entrances at the ab to open 12 ft. x 14 ft. 6 in., and made work on self-acting spring motion to up and pull down. See testimonial.

Messrs. FRANCIS & Co.,

BALMORAL CASTLE.

October 20, 1884.

GENTLEMEN,—I have now to acquaint you that I have had the Revolving Shutters fitted up at one side of the Portico at Her Majesty's entrance to the Castle, and I am informed by Dr. Alexander Profect, Her Majesty's Commissioner, that Her Majesty is delighted with the working of the shutter and the improvement it makes on the Portico when entering or leaving the carriage.

I am, yours truly, JAMES ANDERSON, Clerk of Works.

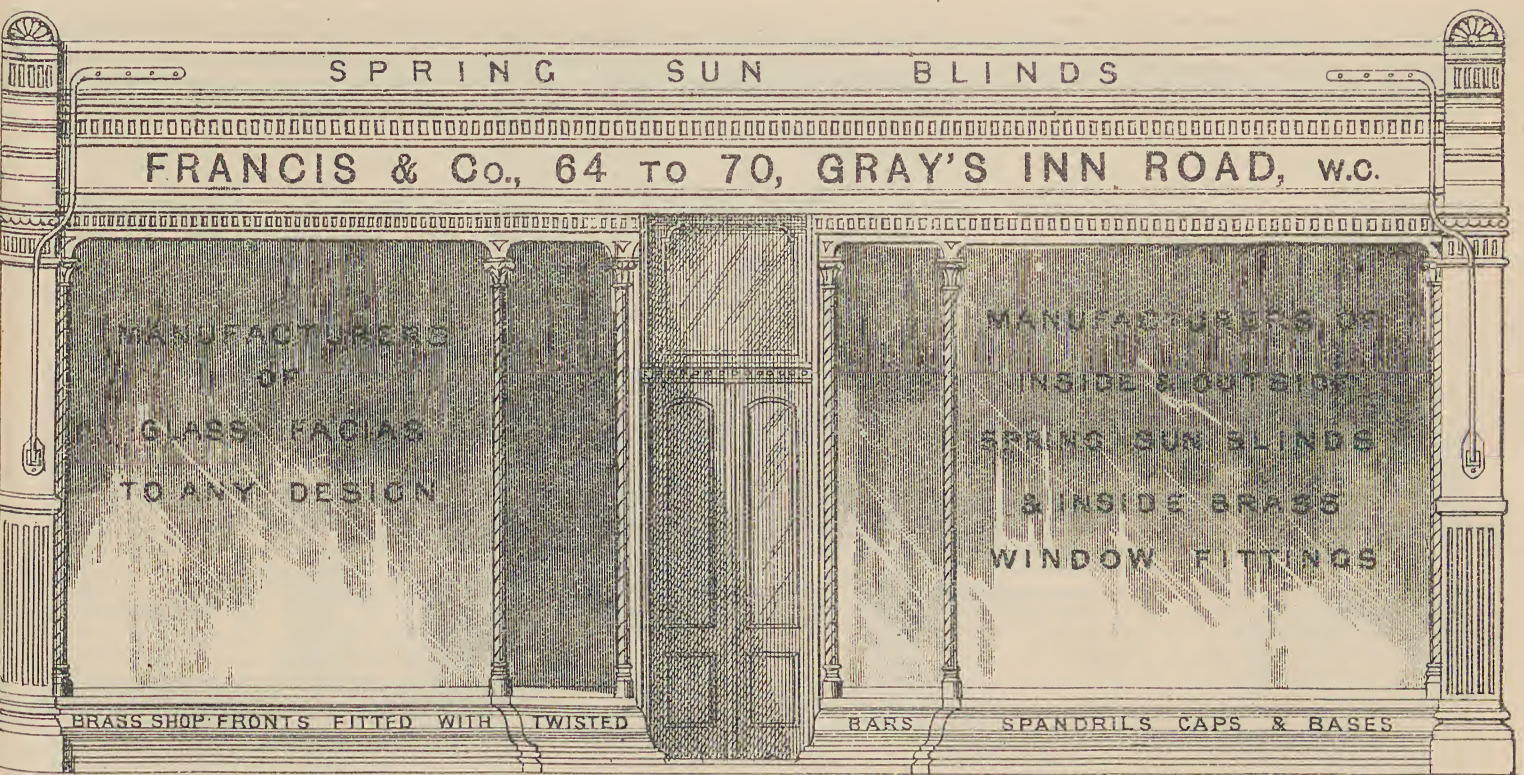

Messrs. FRANCIS & Co.,

TESTIMONIALS.

55

136, 138 & 140, OXFORD STREET, LONDON, W.,

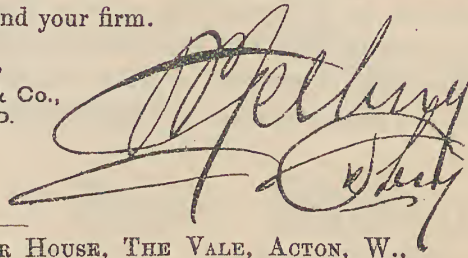

August 19th, 1891.

GENTLEMEN,—We herewith enclose cheque in settlement of our account, and we have much pleasure in informing you that the whole of the work done by you for us, viz., Revolving Shutters, Brass Fronts, Stall Plates, and Spring Sun-blinds, gives every satisfaction, and we shall be only too happy to recommend your firm.

We are, yours faithfully,
Per pro HYAM & Co.,
LIMITED.

Messrs. FRANCIS & Co.,

64—70, Gray's Inn Road, W.C.

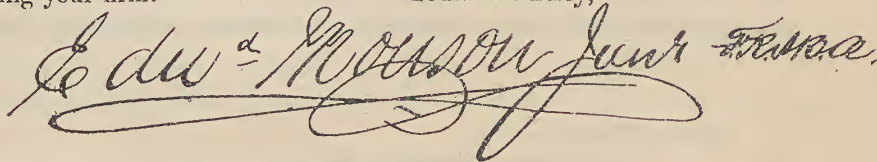

GROSVENOR HOUSE, THE VALE, ACTON, W.,

August 21st, 1891.

GENTLEMEN,—In compliance with your request, I have much pleasure in stating that I have used your Patent Self-acting Revolving Shutters in my works for the last 20 years, and am pleased to say they have always given satisfaction; and I may add that as long as you continue to do good work and execute orders with your usual despatch, I shall have no hesitation in recommending your firm.

Yours faithfully,

Messrs. FRANCIS & Co.

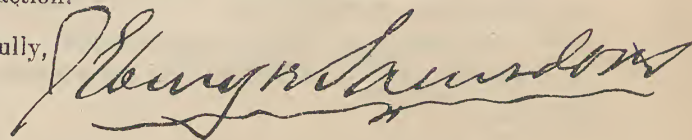

9, FINSBURY CIRCUS, LONDON, E.C.

February 9th, 1881.

DEAR SIRs,—The Shutters and Name Plates you have executed for the large block of buildings lately executed for Mr. W. Whiteley in the Queen's Road, Bayswater, under my superintendence, are very satisfactory. In fact these and the other shutters to my various works have always given me satisfaction.

Yours faithfully,

Messrs. FRANCIS & Co.

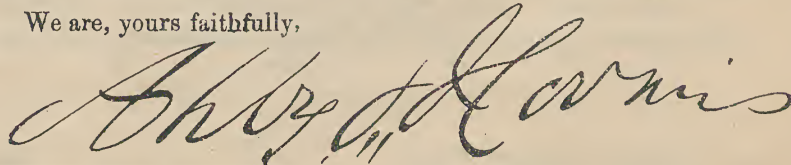

8, ALDGATE, LONDON, E.,

February 25th, 1881.

GENTLEMEN,—We have pleasure in stating that the Revolving Shutters you have recently fitted up for us at the Mercers' Hall Buildings, Poultry, and also at many other buildings on previous occasions, have given entire satisfaction.

We are, yours faithfully,

Messrs. FRANCIS & Co.

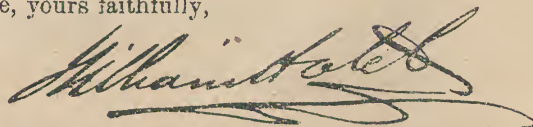

23, GLOUCESTER ROAD, SOUTH KENSINGTON,

December 4th, 1880.

GENTLEMEN,—I enclose a cheque in payment of account for Revolving Shutters and Brass Work, the execution of which has been most satisfactorily carried out. The ease and quietness with which the shutters are worked more than answer my expectations, and my only regret is that I did not have them many years ago. With thanks for your attention,

Believe me, yours faithfully,

Messrs. FRANCIS & Co.

FRANCIS & CO., 64, 66, 68 & 70, GRAY'S INN ROAD, LONDON.

TESTIMONIALS.

ARCHITECT'S OFFICE, CHRIST'S HOSPITAL,

May 20th, 1879.

DEAR SIRs,—I am very happy to have the opportunity of stating that I have specified your wood and iron Revolving Shutters to be used in all my works for some years past, and I hope to be able to continue to do so, because I find from experience in the use of your shutters, that there are no complaints made as regards their working, when once they have been properly fixed, and this I find to be by no means the case as regards the shutters I have used of other firms. The workmanship, therefore, I consider to be the very best, and the care that I know you personally take in the fixing of your work is a great guarantee as regards its efficiency, and must be, I am sure, a great satisfaction to any architect employing you.

Believe me, yours very faithfully,

Henry S. Legg
68, BROMPTON ROAD, S.W.,

May 16th, 1879.

Messrs. FRANCIS & Co.

GENTLEMEN,—I have much pleasure in stating that the Brass Shop Fronts and Patent Self-coiling Shutters, which you have fixed at various works under my direction, have always given complete satisfaction. I consider that brass sash bars and stall plates as supplied by you supersede all other materials for business premises where elegance or substantiality is desired, your prices, having regard to the excellent workmanship, being extremely moderate.

I am, yours obediently,

Messrs. FRANCIS & Co.,

174, Gray's Inn Road, N.

George Edwards

CALVERLEY, TUNBRIDGE WELLS,

May 16th, 1879.

DEAR SIRs,—We have the greatest pleasure and confidence in adding our testimonial to the many you must have already received, to the effect that you have done business with us for many years; that you have within the last two years fitted your Revolving Shutters and Sun-blinds to about 20 large shops built by us in this town, producing a rental of from £130 to £170 annually, and that the workmanship, as well as the dispatch in the execution of our orders, are beyond all praise.

We are, dear Sirs, yours truly,

To Messrs. FRANCIS & Co.

William H. Hatcher

5, 7, 9, 13 & 15, WESTBOURNE GROVE, LONDON,

August 20th, 1891.

DEAR SIRs,—I have pleasure in stating that the Revolving Shutters, Brass Fronts, and Fittings, which you made and supplied to my premises, are perfectly satisfactory, and I am pleased with them in every way.

Yours truly,

Messrs. FRANCIS & Co.,

64 to 70, Gray's Inn Road, W.C.

Henry Dobb
H. Dobb

BUTLER & BOWDEN'S UNIVERSAL SUPPLY STORES, SLOUGH,

May 2nd, 1891.

GENTLEMEN,—We are very pleased with the Shutters and Blinds, also with the way your man has fixed them.

Yours truly,

Messrs. FRANCIS & Co.

F. C. Bowden

FRANCIS & CO., 64, 66, 68 & 70, GRAY'S INN ROAD, LONDON.

TESTIMONIALS.

ORWELL WORKS, FELIXSTOWE,

June 5th, 1891.

DEAR SIRs,—The Shutters fixed for me by your man to-day are all that I can wish for.

Yours truly,

Walter Durrant.

MESSRS. FRANCIS & CO.

127, LEADENHALL STREET,

May 15th, 1879.

DEAR SIRs,—I have much pleasure in bearing testimony to the excellent qualities of the various descriptions of shutters made by you, and fitted for me in most of the buildings carried out under my superintendence. I have invariably found the quality of the material and workmanship good, the action of the shutters perfect, and the prices below those of any other good makers.

I am, dear Sirs, faithfully yours,

MESSRS. FRANCIS & CO.,

174, Gray's Inn Road.

W. Seckham Witherington

162, REGENT STREET, W.,

May 28th, 1879.

DEAR SIR,—Enclosed is your cheque; please acknowledge the same by return. I am also desired by the firm of Lindsey, Boyles & Samner, 162, Regent Street, to thank you for your prompt attention to their alterations, and to express their entire satisfaction at the handsome front you have put in. They feel they can with great confidence recommend you to all their friends and connections, and will have much pleasure in doing so.

I am, dear Sir, yours respectfully,

MR. FRANCIS.

L. Hart

10, KING STREET, REGENT STREET, W.,

June 20th, 1879.

DEAR SIRs,—Having used your Shutters upwards of 12 years, with perfect satisfaction as to their working and durability, we shall continue to give them the preference in any works we may have to carry out.

Yours truly,

MESSRS. FRANCIS.

G. H. A. Bywaters

FRANCIS & CO., 64, 66, 68 & 70, GRAY'S INN ROAD, LONDON.

TESTIMONIALS.

June 18th, 1858.

GENTLEMEN,—I beg to inform you that the Brass Shop Front fitted up for me by you about two years ago, at 203, Fleet Street, has for design, material, and workmanship given me the greatest satisfaction, and I am perfectly satisfied with the charges and workmanship.

Chas Reynolds

HOLBORN, May 11th, 1857.

GENTLEMEN,—I have great pleasure in saying that the Revolving Shutters and New Front fitted by your firm to my shops at 36 and 37, Aldgate, and 294 and 295, High Holborn, give me the greatest satisfaction for the easy manner in which they are opened and closed, and also for the cheap and expeditious manner in which they were fixed, without any hindrance to my business, and I shall be most happy to recommend your firm to anyone contemplating alterations.

I am, Gentlemen, yours, &c.,

Messrs. FRANCIS & Co.

Bayn. Drew

COLONNADE HOTEL, CHARLES STREET, ST. JAMES'S,

June 26th, 1858.

GENTLEMEN,—I wish to express my satisfaction to your firm for the manner in which the Brass Sashes and Iron Revolving Shutters, manufactured and fixed to the above Hotel for me, were executed.

Messrs. FRANCIS & Co.,
84, Gray's Inn Lane, Holborn.

L. W. Lloyd

Architect & Surveyor.

June 24th, 1858.

GENTLEMEN,—The Brass Front and Revolving Shutters, manufactured and fixed by you on premises at 61, Westbourne Grove, have given me all the satisfaction I desire.

Yours, &c.,

A. Fisher

80 and 81, EDGWARE ROAD,

June 11th, 1858.

GENTLEMEN,—The Wood Revolving Shutters made and fixed by you to my premises in the Edgware Road, in 1856, continue to work well, and give me every satisfaction.

Yours, &c.,

William Poppey

Messrs. FRANCIS & Co.

FRANCIS & CO., 64, 66, 68 & 70, GRAY'S INN ROAD, LONDON.

TESTIMONIALS.

1, QUEEN'S ROW, BUCKINGHAM GATE,

November 12th, 1862.

GENTLEMEN,—I have the pleasure to say the Iron Revolving Shutters made and fixed by you at the above address in the year 1856, are to my entire satisfaction. I have no doubt but those you have recently made and fixed at my new premises, High Street, Kensington, will prove equally so.

I am, yours truly,

To Messrs. FRANCIS & Co.

Wm. Alex. Chapman

PENRITH, November 17th, 1862.

During the last four or five years you have made several sets of Iron Revolving Shutters for clients of mine, and I have to express my satisfaction in the way the work has been executed.

Yours, &c.,

Messrs. FRANCIS & Co.,

84, Gray's Inn Lane, London.

George Watson

[Extract of a letter from CHARLES PHIPPS, Esq., Architect, Bath.]

2, PARAGON BUILDINGS, BATH,

November 27th, 1862.

(Shutters, 5, Queen Square.)

GENTLEMEN,—Mr. Harris, for whom the Shutters are ordered, informs me that he has directed his London agents, Messrs. Henry & Co., of Hatton Garden, to send you the amount, and doubtless you will receive the cash in the course of the week. The Shutters are fixed and are quite satisfactory.

Yours truly,

Messrs. FRANCIS & Co.

Chas. Phipps

174, 175, and 176, SLOANE STREET, CHELSEA,

December 1st, 1858.

GENTLEMEN,—The Brass Front made and fixed by your firm at our premises in Sloane Street about 12 months ago has met with our approval, and we have much pleasure in giving you our written testimony to the fact.

We are, Gentlemen, yours, &c.,

Messrs. FRANCIS & Co.,

Gray's Inn Lane.

Alpphan Burnell

ALBERT WORKS, ALBERT EMBANKMENT, LAMBETH, LONDON, S.E.,

January 18th, 1882.

DEAR SIR,—In reply to yours I have pleasure in stating that your Shutters generally, as fixed on my works, have given every satisfaction, and I believe the same remark will also apply to the large quantity of Wood Revolving Shutters you have recently fixed for me in the erection of the New Leadenhall Market, where upwards of 200 are in daily use.

Yours truly,

Messrs. FRANCIS & Co.,

174, Gray's Inn Road.

J. E. Nightingale

FRANCIS & CO., 64, 66, 68 & 70, GRAY'S INN ROAD, LONDON.

TESTIMONIALS.

SEVENOAKS, November 12th, 1862.

SIR,—I feel much obliged to you for sending a man that quite understands the fitting up of the Shutters, which he has done to my perfect satisfaction.

Yours, &c.,

Ed. Brooke

[I have sent you a Testimonial of my approval of your Shutters; you can make whatever use you think proper of it, and shall recommend them to others.]

ST. JAMES'S STREET, LOW HARROGATE,

January 12th, 1865.

GENTLEMEN,—I have great pleasure in testifying my approval of the four sets of Wood Revolving Shutters, 12 feet by 8 feet, you sent to me, having had great experience in fitting up machinery. The gear work is very accurate in the finish, works with the greatest ease, and every one that has seen them speaks well of their construction.

I am, Gentlemen, yours truly,

MESSRS. FRANCIS & CO.

John Young, Builder

4, GROVE TERRACE, EAST BROMPTON,

November 14th, 1862.

The large Revolving Shutter and Brass Front, made by your firm some time ago, and fixed at the above address, is to our entire satisfaction.

MESSRS. FRANCIS & CO.

Coles & Beaumont

MUSIC WAREHOUSE, TORQUAY,

November 22nd, 1862.

GENTLEMEN,—With this you will receive draft for the enclosed account, receipt of which please acknowledge. The Shutters gave great satisfaction.

Yours truly,

MESSRS. FRANCIS & CO.

James Reynolds

WINDSOR, November 19th, 1862.

GENTLEMEN,—I have much pleasure in certifying that the Shutters are fitted to our satisfaction.

We are, Gentlemen, yours obediently,

Adams & Plowman

72, QUEEN'S ROAD, BAYSWATER,

November 13th, 1862.

GENTLEMEN,—I wish to inform you that the large Wood Revolving Shutter (containing upwards of 600 ft. super) you made for me, continues to act in a very satisfactory manner.

Yours, &c.,

MESSRS. FRANCIS & CO.,
84, GRAY'S INN LANE.

John Pearce
